Specify glove hand size when ordering.			

TALLAS

	XS	S	M	L	XL	2XL
inches	7	7½ - 8	8½ - 9	9½ - 10	10½ - 11	11½ - 12
centimeters	18	20	23	25	28	30

If you are RIGHT handed, take measurements from your RIGHT hand.

If you are LEFT handed, take measurements from your LEFT hand, as follows: →

1. Measure around the hand at the fullest part.
2. Measure from the tip of the middle finger to the base of the hand.
3. Use the LARGEST of these two measurements for the correct size glove.
4. The number of inches/centimeters measured equals the size of the glove.

2. Protección contra calor producido por arco eléctrico

Oberon's Thermographer Arc Flash gloves are inherently Flame Resistant (FR). All the materials and threads used in the construction of the Thermographer Gloves are inherently flame resistant. These gloves will remain Flame Resistant after years of frequent and repeated laundering. Our Arc gloves are the lightest weight arc flash gloves in the market at their protection level. Available in Sizes: R & L
